## BARKTOPURRFEST AT WOOFs

### HOMeward BOUND WV HOLDS 1<sup>ST</sup> ANNUAL FALL FESTIVAL

What a great day at Barktopurrfest 2015! It was a crisp, fall day full of goodies and costumes. Our costume contest, sponsored by Clear Mountain Bank, was so much fun. We enjoyed seeing all of your costumed pets and kids.

Visitors were able to purchase from our bake sale, enter raffles for some great prizes, play games and get their photos taken with their pets. A pet bandana vendor was selling her products and temporary tattoos were being done at the Cattoo Purrlor. Clear Mountain Bank and M-SNAP was also there to talk about their services.

We want to thank all of our new student volunteers with WVU Paws that showed up to help make the day a huge success!!! And, thank you to Woofs Canine Accoutrements for your support for rescued pets!

# THE HOLIDAYS ARE UPON US...

## KEEP YOUR PETS SAFE!

### Be Careful with Seasonal Plants and Decorations

• Oh, Christmas Tree: Securely anchor your Christmas tree to keep it from falling and injuring your pet. Keep pets out of tree water which may contain fertilizers and stagnant tree water becomes a breeding ground for bacteria.

• Avoid Mistletoe & Holly: Holly, when ingested, can cause pets to suffer nausea, vomiting and diarrhea. Mistletoe can cause gastrointestinal upset and cardiovascular problems. And many varieties of lilies can cause kidney failure in cats if ingested.

• Tinsel-less Town: Kitties love this sparkly, light-catching “toy” but a nibble can lead to a swallow, which can lead to an obstructed digestive tract, severe vomiting, dehydration and possible surgery.

• That Holiday Glow: Don’t leave lighted candles unattended. Pets may burn themselves or cause a fire if they knock candles over.

### Avoid Holiday Food Dangers

• Skip the Sweets: Do not feed your pets chocolate and anything sweetened with xylitol. Make sure to keep your pets away from the table and unattended plates of food, and be sure to secure the lids on garbage cans.

• Leave the Leftovers: Fatty, spicy foods, as well as bones, should not be fed to your furry friends. Pets can join the festivities in other fun ways that won’t lead to costly medical bills.

• Careful with Cocktails: Be sure to place unattended alcoholic drinks where pets cannot get to them. If ingested, your pet could become weak, ill and may even go into a coma, possibly resulting in death from respiratory failure.

### Plan a Pet-Safe Holiday Gathering

• A Room of Their Own: Give your pet his own quiet space to retreat to—complete with fresh water and a place to snuggle.

• New Year’s Noise: Noisy poppers and fireworks can terrify pets and cause possible damage to sensitive ears. Be sure to secure them in a safe, escape-proof area as midnight approaches.

• Confetti Catastrophe: As you count down the new year, keep in mind that strings of thrown confetti can get lodged in a cat’s intestines, if ingested, perhaps necessitating surgery.

**Benefits of adopting an older pet.**

- They take less time to train** - They have already been toilet-trained and are likely to know the basic commands.
- You get to skip the naughty puppy/kitten stage** - Older pets are less likely to chew or scratch things that they shouldn’t. Instead, you get an obedient pet that is ready to love you unconditionally.
- They are lower maintenance** - Older pets lead less active lifestyles and are already accustomed to being alone for prolonged periods of time.
- You can give them a second chance at a life full of love** - Older pets can often live longer than expected when they are shown the right amount of love and care. You can change an older animal’s life by adopting it into your home.
- They can change your life** - Pets can give you what you didn’t even realise you wanted: companionship. Older pets crave companionship, so they are perfectly content to curl up with you while you watch TV.
